CHAR50INOX

**ACCESSORIES FOR PACAZUR BOXES:
STANDS and TROLLEY**

Pacazur®

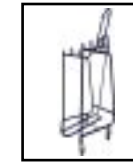

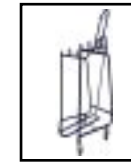

RANGE OF STANDS FOR PACAZUR CONTAINERS

The stands CHAR50INOX and CHAR50 are particularly adapted in areas where hands-free operations are required (eg in operating theatres, bloods centres,...) or when it is useful to carry easily containers. The stands have many advantages:

- ✓ **Light and simple design**
- ✓ **Easy and sure positioning of the box** by inserting the handles in the hooks
- ✓ **Stainless steel version (CHAR50INOX)** withstanding aggressiv chemical desinfections
- ✓ **Lighter steel version, in blue painted tubes (CHAR50)**
- ✓ **Foot pedal lid opening** mechanism
- ✓ **Casters** for a great mobility
- ✓ **Ergonomic handle** to move it easily
- ✓ **Permanent opening position available**

STANDS : A SIMPLE AND SAFE USE

1. Lay down the box. The side handles of the box fit naturally into the hooks of the stand. Lay down the lid and insert the hinge.
2. Insert the upper rod in the small handle of the lid when the latter is open for an easier insertion.
3. The pedal enables to open and close the lid with a foot. For the permanent opening, keep the lid completely open.
4. When the filling limit is reached, remove the rod and close the box. Lift up the container to remove it from the stand.

Technical Data	CHAR50INOX	CHAR50	SUPPACA
